Admiral Dewey burned $50,000 worth of powder at Manilla, but he has something to show for it.

American men make pretty fair soldiers, but they are not as brave as they might be. There are 2,200,000 more bachelors than spinsters in this country.

The average Republican politician will take almost anything he can reach, but they are not accepting any challenges to joint discussions this year in this State.

Some beggars in this country never get rich. But they don't save their money like that old Italian mendicant who pegged out and left $400,000 that he couldn't take along with him.

Notwithstanding the large wheat crop in the West some of the big mills can't get enough and are compelled to run short time. The farmers don't sell more than they can help at present prices.

It is said that there are no reconcentrados in Cuba now. They are all dead. But there is a good deal of suffering for food, while Blanco insists on collecting custom dues on food sent to feed the starving.

A report comes from Havana that some one has been hooking some of the remains of C. Columbus, which are alleged to have lain in a sarcophagus there, so that only a part of the remains remain to be ferried over to Spain.

They say Richard Croker is a poor man now. If he wasn't very rich and he "blew in" as much as it is said he did on the English races, he must be poor now. There is no immediate prospect, however, of his retiring to the poor house.

Spencer B. Adams, who was nominated for Congress in the Fifth district, has not yet resigned the judgeship. In the meantime while running for Congress Spencer draws $200 a month as judge, which will help to defray campaign expenses. Spencer is thrifty.

Harry Skinner will have Republican opposition, too, in his district. Joshua Whedbee announces himself as a straight Republican candidate, and a convention will be called to endorse him. This is no Small affair.

With a larger crop of oranges in Florida than for several years, and the largest crop ever grown in Southern California, oranges ought to be reasonably cheap.

One of the boasts of Kansas is that one can get any kind of weather in that State. She has a great assortment of weather, and enough of it to divide with a half-dozen States.

THE COUNTY COMMISSIONERS.

Business Session Held Yesterday—Increased Appropriation for City Hospital—Routine Business.

There was a meeting of the Board of County Commissioners yesterday afternoon from 2.30 until 4.30 o'clock. Possibly the most important action taken by the Board was the increasing of the county appropriation to the City Hospital $500, more than has heretofore been paid, so that now the county will pay $2,500 to this institution. Aside from this, little other than routine business was transacted. Commissioners present were Chairman Moore and Commissioners Boatwright, Barry, Cowan and Alexander.

Mr. J. Sternberger was granted license to retail spirituous liquors at 106 Princess street. Mr. Thos. H. Platt was elected county standard keeper and Mr. William Hansley was authorized to survey land entered by George W. Grady in Cape Fear township. The assessment on the eastern part of lots 1 and 2, block 144, owned by J. M. Mayland, was reduced from $1,600 to $300.

C. W. Norwood, as Register of Deeds, reported seven marriage licenses issued during September up to the 26th, and $6.65 paid to the county treasurer.

Messrs. Harden and Brown were allowed to remove their liquor license from Wrightsville beach to 117 Princess street, and J. H. Kulhen was granted license to sell liquor at the corner of Sixth and Swann streets, in the rear of Martin Rathgen's store.

The matter of an error in the registration of Mrs. Mary Ann Bonham's property in Harnett township was referred to County Attorney W. B. McKoy with power to act.

Petition of C. W. McClammmy for reduction of tax assessment was referred to the county attorney.

Mr. Andrew Smith's application for reduction of levy on creosote property was not allowed.

The contract for fencing the County Home was deferred.

Dr. McMillan reported 188 patients treated during September and 90 visits paid to 82 patients at their homes. He reported very little sickness among the poor of the county.

The chairman of the Board was voted a stated salary of $50 per month in lieu of all fees.

In discussing the hospital and the increased appropriation Chairman Boatwright of the Hospital committee, told in detail the changes being made there under the direction of Mr. Wertenbaker of the Marine Hospital, all of which are thoroughly familiar to STAR readers. When the board adjourned it was announced that the Finance Committee would meet Thursday at 8 P. M., and the Hospital Board Wednesday afternoon at 3 P. M.

Triennial Convention.

Rt. Rev. Bishop A. A. Watson left Saturday morning for Baltimore to attend the St. Andrew's Brotherhood Convention. From Baltimore he will go to Washington to be present at the Triennial Convention of the Episcopal Church.

Rev. Robert Strange, D. D., left yesterday morning to attend the convention. He will go by way of Lawrenceville, Va., to visit his wife. Rev. Dr. James Carmichael and Rev. John Gibble left last night Several laymen will go to-day.

Colored Fireman Found Dead.

Early Sunday morning York Elkins, the colored night fireman at the Peregoy Lumber Company's works, was found dead in the engine ro m by the day watchman, Mr. Holmes. He went to work as usual Saturday morning, making no complaints as to his condition and it is thought that his death was due to heart trouble. The coroner was summoned but thought an inquest unnecessary, as it was evident death resulted from natural causes.

Will be Married To-day.

Rev. Milton A. Barber, pastor of St. Paul's Episcopal Church, left yesterday morning for Chocowinity. He will be married this morning to Miss Harriet Winfield, his best man being Rev. Mr. Windley, who has been visiting here for several weeks. From Chocowinity Mr. Barber, with his bride, will go to Washington, D. C., to attend the Triennial Convention of the Episcopal Church.

Death of Mr. Eddy.

Mr. Will Rehder is in receipt of a letter from Messrs. J. C. Vaughn & Co., seedsmen, New York and Chicago, stating that one of their travelling salesmen, Mr. Burt Eddy, died very suddenly one day last week in Chicago. Many people around Wilmington, particularly the florists and seedsmen, knew Mr. Eddy and every body liked him. He was in this city only a short while ago.

ONE THOUSAND DOLLARS.

A Golden Opportunity for Those Who Think O. H. Dockery Will be Elected to Congress.

For the special benefit of Republican financiers, the editor of the STAR is authorized to offer the following opportunities:

One Hundred Dollars that John D. Bellamy will carry the county of Mecklenburg.

One Hundred Dollars that Bellamy will carry the county of Union.

One Hundred Dollars that Bellamy will carry the county of Anson.

One Hundred Dollars that Bellamy will carry the county of Richmond.

One Hundred Dollars that Bellamy will carry the county of Robeson.

One Hundred Dollars that Bellamy will carry the county of Columbus.

One Hundred Dollars that Bellamy will carry the county of Pender.

One Hundred Dollars that Bellamy will carry the county of Brunswick.

One Hundred Dollars that Bellamy will carry the county of New Hanover.

One Hundred Dollars that Bellamy will be elected.

All the above propositions to be accepted as a whole.

As Martin, the Fusion candidate for Congress in 1896, carried all of the nine counties in the Sixth District, except Anson—and lost that by only 110 majority—and had a majority in the District of 5,006, the above propositions should receive the favorable consideration of Republican investors.

ASSAULTED BY A NEGRO.

Mr. Frank Green at Mill's Livery Stable Attacked Sunday Night.

Late Sunday evening Mr. Frank Green, who stays at Mr. Frank T. Mill's livery and feed stable, had a difficulty with two negroes. The occurrence is significant in that it is another illustration of impudence that is frequently manifested by negroes under the present regime. Two negro men stopped at the stable and asked some boys for a match. As they started to move away one of them asked Mr. Green if he wanted any trouble. Mr. Green noticed that they were drunk and told them to move away from his place. One of them cursed him and picked up a chain to assault him. However, seeing that Mr. Green had gotten a stick they made off up the street.

Soon thereafter they came back and the one who had made the assault told Mr. Green that he wanted to apologize and "shake hands and be friends." Mr. Green told him to go away and behave himself and he would not molest him; but that he was not shaking hands with negroes. The fellow loitered about the door for a few moments longer and catching Mr. Green off his guard suddenly struck a blow at his head and ran away. Mr. Green chased him some distance but some of the negroe's pals joined him at the foot of Princess street and having no weapon to defend himself he returned to the stable. The names of the negroes are known and it is probable that there will be a sequel to the affair.

THE MAYOR'S COURT YESTERDAY.

McKoy Cases Called for Trial—Drunk and Disorderly Cases Fined.

In the Mayor's Court yesterday Simon McKoy, colored, was acquitted of the charge of receiving flour stolen from Messrs. McNair & Pearsall's warehouse. His wife Annie Jane McKoy who is charged with a similar offence was again not in court. It will be remembered that the cases were both continued from Monday's docket of last week. Chief of Police Melton stated to the court that the woman could not be found in the city. The Mayor stated that if she was not very soon produced in court her boudsmen, of whom Mr. James H. Chadbourn, Jr., is one, would be called upon to forfeit their bond of $50.

Dr. Wright consented to excuse him for $5.00 and costs.

Justice Bornemann's Court.

On yesterday and Saturday Justice G. W. Bornemann disposed of several cases. Charlie Robertson, colored, was up for assault and battery. It was proved by witnesses that the offence was trivial and judgment was suspended on the payment of costs.

The regular meeting of the Board of Aldermen was held last night. Besides Mayor S. P. Wright and Clerk Wm. Struthers there were present Aldermen Gore, Twining, Green, Norwood, Hewlett, Morrill and Benson.

After the reading of the minutes, reports from committees were called for. The only report was from the Market Committee, made by Alderman Hewlett to the effect that on Sept. 20th he had at public auction rented the stalls and stores in the different markets, some at higher prices than last year and some at about the same prices.

Mr. George D. Parsley was granted permission to use Burr & Bailey's warehouse on Water street between Ann and Orange as a fish house. Permits to build were granted as follows: R. H. Bagley, five-room house on Fourth between Swann and Nixon; D. O'Connor, addition to his house on east side of Second between Princess and Chesnut.

The monthly report of Chief Charles Schnibben, of the fire department, showed three bell alarms and one still alarm in September. The causes were spark from chimney, kettle boiling over, steam pipe leaking, and unknown. The damage was $599.86 and the insurance was $13,500.

The report of Dr. W. D. McMillan, the substance of which appeared in the STAR of Sunday, was read and placed on file.

Clerk and Treasurer Wm. Struthers read his report, as follows: Balance on hand September 1st, $19,461.27; receipts during the month, $10,374.19; expenditures during the month, $9,635.72; balance October 1st, $20,200.48.

Skelding had offered to put the light in for $19, with the understanding that this should be remitted provided the contract for lighting the city should be given to the Street Railway Company for another year. It was decided, with the concurrence of the Board of Audit and Finance, to make the appropriation.

Alderman Norwood presented a petition for a board walk on the north side of Fifth street at its intersection with Mulberry. The petition was granted, and the Mayor stated that the work would be completed before the next meeting.

Upon inquiry about the artesian well, the Mayor stated that a depth of 703 feet had been reached and that now it was going through a strata of blue mud.

The Board then adjourned.

AUSPICIOUS SCHOOL OPENING.

About 1,200 Pupils Entered at the White Schools Yesterday—1,000 at Negro Schools.

Wilmington's graded schools opened yesterday morning most auspiciously. The attendance at the white schools was about $1,200. The day was devoted to grading the pupils. And lessons will be assigned to-day. There are about 175 pupils at the Tileston High school, 464 at Hemenway and 587 at Union School.

The teachers at the various schools were published in the STAR several days ago. They and the joint school committee will strive in every way to make this session the most successful in the history of the schools. Prof. M. C. S. Noble, by invitation, visited the schools yesterday and assisted in the organization. Parents who contemplate entering their children should do at once, so that they may start with the class to which they may be assigned and settle down to effective work early in the term.

There are about 1,000 children in the colored graded schools—500 at Williston building and 454 at Peabody building. There are 22 teachers.

Last week the STAR foreshadowed fully the work attendent upon the opening of the schools, and told of the plans of the faculty and the school committee. All communications in regard to the schools and their management should be addressed to Mr. James F. Post, Jr., chairman district No. 1, and Mr. James H. Chadbourn, chairman of district No. 2, to whom full power to direct the affairs has been delegated by the joint committee, pending the election of a superintendent.

IN THE BLOOM OF MANHOOD.

Mr. Hardy B. Willis Passes Away at the Home of His Sister.

At the home of his sister, Mrs. C. D. Jacobs, on Ninth, between Chesnut and Mulberry streets, Mr. Hardy B. Willis died Sunday morning about 5 o'clock; aged 25 years. Mr. Willis formerly lived at Wilmington, but about four years ago he removed to Richmond, Va., where he held a very responsible position up to the time of his death. He had been suffering some time with consumption, and thinking a change would benefit him he came here about three weeks ago to visit his sister. The change, however, was for the worse and Sunday morning he died.

He was the son of the late Hardy B. Willis, a brave Confederate soldier who served his country as captain of Company F, which was formed in this city. He leaves two sisters who mourn their loss, Mrs. C. D. Jacobs and Mrs. A. J. Marshall, both of this city. His wife, who was a daughter of Mrs. Jno. Meltzger, of Richmond, preceding him to the grave a few months ago.

The funeral service were conducted yesterday morning by Rev. A. P. Tyer from the residence of Mr. C. D. Jacobs, and the interment was made at 10 o'clock in Oakdale cemetery.

The pall bearers were Messrs. L. C. Sutton, W. L. Jacobs, Freeman LeGwinn, J. G. Marshall, B. W. Marshall and Thomas Powers.

The Sunday Fire Alarms.

There were two alarms of fire Sunday. The first was received at 10:07 A. M. from Box 16, was occasioned by a defective flue at 814 North Third street, a house occupied by David Wright and owned by Mr. Sam Bear. The damage was only about $5.00. The other alarm was at 7.03 P. M. from Box 25, caused by an explosion of powder in the second story of Mrs. Newberry's building on Mulberry street between Water and Front. The fact is a young man who rooms over Croom's store was attempting to smoke the musquitoes out of his room with powder and some one in passing saw the smoke and turned in the alarm.

CY. THOMPSON AND SUFFRAGE.

Cy. Thompson is one of the howlers for popular rights and one of the crowd who profess to be afraid that if the Democrats carry the State at the next election they will change the election laws so as to deprive the negroes and "poor white" folks of the right to elect their county officers, magistrates, &c. To hear these fellows rant one would think they were natural-born free suffragists and that "a free ballot and a fair count" was one of the principles they imbibed with their infantile milk. In his speech at Asheboro Cy. waked up Hon. Marmaduke Robbins by charging that the Democratic Legislature of 1877 was responsible for negro magistrates. In Sunday's issue we published part of the answer of Mr. Robbins, and herewith give some extracts from a second communication, published in the Asheboro *Courier*, giving Cy's record, as a member of the Legislature, on the popular suffrage question. It reads thus:

"He and I were both members of the House of Representatives in 1883. We were both professing to be Democrats, and I so sincerely so that no pie counter seeking or other incident has changed my views yet. His declarations and actions must answer for him. During that session House Bill 369, to increase the justices in each township by two, came up, and Mr. Page, from Jones county, moved to amend by providing that said magistrates be elected by the people of their townships. The present fusion pill peddling Dr. said no. See Journal, pages 337 and 338. He then wanted no election of justices in his. Ed Powers, of Cumberland, moved to amend by providing that in the appointment of the additional justices, one should be appointed from each political party. On that amendment the present political pill peddler Cy voted no. He then voted for the passage of the bill. So he then wanted them appointed by the General Assembly and not elected by the people; and further wanted no mixture of Republicans, fusion or cooperation in his. See Journal pages 338, 339 and 340."

Again when the Code came up on its third reading, Mr. Hayes, of Robeson, moved to strike out of the bill section 1091, which provided for the election of county commissioners by the justices of the peace Dr. Cy, the present fusion pill peddler voted no. See Journal, pages 700 and 704. This section 1091 in the bill is the same as section 716 in the Code as ultimately printed, the number of the sections being finally changed by reason of dividing the Code into two vols. instead of being all in one as was the original bill. Upon the question of the final adoption of the Code with election law and the system of the county government as they substantially in in their main features remained till the fusion Legislature of 1895, Dr. Cy voted aye.

"Again Dr. Wilcox, of Ashe, had introduced a bill to repeal the system of county government established in 1876-7, and provided for the election in each county by the qualified voters, a treasurer, register of deeds, surveyor, five county commissioners; and in each township its justices of the peace, and in each school district its school committee. This bill of Dr. Wilcox came up on its second reading on the night of February 21st 1883, when it had as s. okesmen on the floor of the House three advocates, viz: Ed. Powers, a liberal from Cumberland, Jim Davis, a negro from Wake, and J. W. Poe, a negro from Caswell; and the House was entertained with a regular round of school-boy eloquence. What a chance for Dr. Cy to have joined in with his later negro comrades and added to their wails of woe, of having been theretofore all the time from after reconstruction down to 1876 deprived of the right to vote for county officers, and the right to place Eastern Carolina whites under negro government. But no! Dr. Cy. was silent, and when the vote was taken he voted against this bill of Wilcox's and it failed to pass its second reading, in part by the vote of Dr. Thompson, see Journal page 563. I have now before me both the Journal showing the political pill peddler's vote, as I have stated, and a copy of Wilcox's bill as printed then by order of the Legislature, and if any of Dr. Cy's henchmen deny what I have said of them they can see where and what the truth is by calling on me and inspecting them."

With such a record as this Hon. Cy. Thompson ought to sing very low on the suffrage question and have little to say about depriving the people of the right to elect their own magistrates, commissioners, etc. In 1883 he saw the necessity of protecting the East from negro rule, and hence he stood with his party then—the Democratic party—in protecting the East, his own section, and opposed every movement to so open the suffrage as to make it possible for the negroes to get control of Eastern counties. He was thinking of his own people then and had not got along so far in political evolution as to go into copartnership with the negroes to secure their support for office, and to barter away protection to the white people for negro votes.

If that protection was right and necessary in 1883 isn't it as right and as necessary now?

Is there a single reason that Cyrus Thompson then gave for the position he took which is not as good and as applicable now as it was then?

Are the negroes as a race any better, more intelligent or more competent to rule now than they were then?

Are the white people any less so?

He stood like a stone wall then against any movement to take the right of appointing magistrates from the Legislature, and against every proposition to in any way modify the then existing suffrage system, opposed every movement to let down the bars that the negro might get over; but now he is not only willing to see counties in his section of the State overrun by them, but helps in the work of making the way easy for them, seems to be glad of the opportunity, and rails at the Democratic party for raising its voice in protest against making the white men of the East subordinate to the negro. And this, too, when the negroes have become so assertive and so aggressive that they are claiming the earth, and boldly making the race issue in their own party where they are strong enough to do it, or where they are a material factor in the party.

When Cy Thompson stood by the white people of the East and demanded protection for them, as he did in 1883, there was no such aggressiveness in the negroes as there is now, they were not demanding from their white-skinned associates their proportionate quota of the offices (which in some counties would be about all), were not "inviting the race issue" as they are now, and were not one half as assertive as they are now. They have advanced amazingly within the past few years, encouraged as they have been by Cy Thompson and the mercenary crowd of office-hunters that he is training with, and he knows it, but persists in encouraging them, and in burning deeper into his own forehead the brand of demagogue and deserter of his principles as professed in 1883 and of record as shown by his colleague, Mr. Robbins.

How long would it take a man so basely deserted the principles he then contended for, and formed a political copartnership with the negroes, from whom he then insisted that his own people must be protected, to flop and join some other party, if he thought he could profit by it? But there are no new parties for him to flop to. He flopped out of the Democratic party because it didn't value him at his own estimate, and took the Populist route to the Republican camp, where he is sopping out of the same dish with the Republican bosses, white and black.

A DAISY CONVENTION.

The Republican Congressional Convention which met at Fayetteville last Thursday was, according to reports of creditable witnesses, one of the most disgraceful conventions ever held in this State. Buying and selling are not rare in Republican coventions, but there it was the rule, and so boldly done that it became a matter of street talk before the convention got through its work.

The "delegates" were divided as to whether they would make a nomination, or endorse the nomination of Fowler, Populist. A majority of them were at first for a nomination, but the bosses at Raleigh were in favor of endorsing Fowler, and that settled it. They knew how to carry their point, and they carried it. The purchasing of delegates was done by both sides, but the machine got the most of them, and before the time for voting come had bought enough to secure the defeat of those who favored a straight nomination and to endorse the Pop.

The defeated were so mad that they denounced the wholesale bribery and one of them, Sion Buchanan, is reported by the *Observer* to have publicly tackled colored delegate McCain, a preacher too, and made him disgorge ten dollars that he had paid him to vote for a nomination, and for himself. McCain voted the other way because, as Buchanan alleged, he got more money from the other side.

The anti-nomination business was engineered by one Hancock, (white) and Abe Middleton, the sable dictator from Duplin. Hancock ran the finances. How he and Abe put up the job is thus told by the Fayetteville *Observer:*

"As soon as the convention was organized Hancock read a telegram from the State Central Committee, saying that the committee had decided to fuse on Fowler and it would be no use for the convention to nominate a candidate, as he would not be recognized. He then introduced a resolution that no nomination be made. This caused a storm of indignation, and when Oscar Spears got up to denounce the resolution and speak for a nomination he was greeted with tremendous applause. At this time there were only three or four delegates against a nomination, including Abe Middleton and Hancock.

"Buchanan was given an ovation when he stated that Fowler had lied to him and betrayed him, and called upon Hancock himself to deny that this was so, and when Hancock said that it was so, a might shout went up, mingled with denunciations of Fowler.

But this was all to change shortly. While the speaking to the resolutions was in progress, which Abe Middleton managed to prolong, Hancock was singling out the loudest denunciators (all colored) of fusion, and taking them one by one into the judge's room.

By six o'clock a noticeable change had taken place and several of the anti-fusion shouters became as quiet as lambs.

At 8 o'clock Hancock was ready and he called for the question, and lo and behold, thirteen out of the twenty-two votes were for no nomination and fusion.

The buying was so bold and apparent that it disgusted even some of the negro spectators.

Of course these fellows are for "honest elections," "a free ballot and a fair count" and all that sort of thing, as beautifully illustrated in this daisy convention.

WHAT PRITCHARD SAYS.

Senator Pritchard, Chairman Holton and the defeated candidate for Congress, Settle, were in Washington last week. Pritchard and Holton are said to have gone there to pull the money dispensers for some cash to put "where it will do the most good." Settle talked to a reporter of the *Post* and said that the political condition in the State was so chaotic that it was impossible to forecast the outcome. When a Republican politician admits that much it is practically a confession that there isn't much show for his side.

But Senator Pritchard talked differently and told an interviewer that the Republicans would make a gain of two congressmen. He was doubtreferring to Caldwell and Jenkins, Populists, who were nominated through his instrumentality, and whom he will count as Republicans in the event of election. We judge from his putting the gain at two that he is not very sanguine of the election of Harry Skinner, who is another Pritchard Populist. As he was there for funds, of course he had to make a plausible showing, for the purse holders up there don't put money in a campaign unless there is a show for its panning out all right.

Three Doctors in Consultation.

From Benjamin Franklin.

"When you are sick, what you like best is to be chosen for a medicine in the first place; what experience tells you is best, to be chosen in the second place; what reason (i. e., Theory) says is best to be chosen in the last place. But if you can get *Dr. Inclination, Dr. Experience* and *Dr. Reason* to hold a consultation together, they will give you the best advice that can be taken."

When you have a bad cold Dr. Inclination would recommend Chamberlain's Cough Remedy because it is pleasant and safe to take. Dr. Experience would recommend it because it never fails to effect a speedy and permanent cure. Dr. Reason would recommend it because it is prepared on scientific principles, and acts on nature's plan in relieving the lungs, opening the secretions and restoring the system to a natural and healthy condition. How to Prevent Croup.

It is a household necessity in this country and no matter what else we run out of, it would not do to be without Chamberlain's Cough Remedy. More of it is sold here than of all other cough medicines combined.—J. M. NICKLE, of Nickle Bros., merchants, Nickleville, Pa., For sale by R. R. BELLAMY. †

TOO MUCH NEGRO.

Senator Butler made a long speech at Monroe last Saturday which was devoted mainly to national issues, referring only incidentally to State issues, and that was to declare that there was "too much negro" in this campaign; too much in the Democratic hand book, and too much in the Populist hand book. The Republicans have no hand book, as the Populist hand book fills the bill for for them quite as well as any they could get up.

He took occasion to remark, however that this is "a white man's country," and that he is opposed to negro dominion, but from the fact that he objects to negro domination figuring so much as an issue he doesn't seem to think that the Democratic party ought to say anything about it, but simply to go on as he is doing, discussing national issues and letting the Republican and Populist fusionists carry out the work of putting more counties under negro rule and more negroes over white people. Mr. Butler is opposed to negro domination, but when it becomes an issue and the white men of his State are taking sides with their race, and thousands of Populists who had been acting with Marion Butler are falling in under the white man's standard, he simply declares that he is opposed to negro domination, makes no move nor opens his mouth to prevent it, but contents himself with the farce of discussing national issues, which there is ample time to discuss after we have settled this transcendently vital question as to whether North Carolina is to be ruled by the white or by the black man.

This is *the* issue in North Carolina now, and if Marion Butler was honest in declaring that he is opposed to negro domination he wouldn't be riding the fence and be contenting himself with this kind of unmeaning chin work.

POINTS POLITICAL.

REPUBLICANS COMING.

We feel proud of so many of the true Republicans of this Watauga county, throwing off their party shackles and declaring they will support the Democratic ticket this fall.—*Boone Democrat.*

NASH COUNTY SOLID.

A prominent farmer of Aventsville, Nash county, said yesterday that Nash would go Democratic by over 500 majority; that white men had united and the best of feeling prevailed everywhere throughout the county's borders.—*Rocky Mount Motor.*

A DISGUSTED PROFESSOR.

They are coming every day. The weekly papers of this week are full of reports of Populists returning to the Democratic party, and their names are given too. One of them is Prof. J. E. Brinson, principal of the Morehead City school, who authorizes the editor of The Morehead *Pilot* to say that in the coming election he will vote for the nominees of the Democratic party.—*Charlotte Observer.*

DISGUSTED NEGROES.

The white Rads were very humble and polite to the negroes until they arranged to fuse with the Populists, aye, even implored them to allow them equal representation in their county convention; but when fusion was agreed upon, they ruthlessly kicked the negro aside and said, at least by their action, of course we want your votes, but we are white and will have all the offices—and the poor creatures wilted.

But there is a howl in the negro camp. There is much dissatisfaction among the colored people, and if they don't put out a separate ticket many of them will not vote at all.—*Rockingham Rocket.*

SPIRITS TURPENTINE.

— Fayetteville *Observer:* Mr. D. J. Ballard died at his home in Flea Hill Saturday morning of hemorrhagic fever.

— Greensboro *Telegram:* Two deputy sheriffs of Gaston county, passed through at noon to-day, en route to Raleigh, with five prisoners for the penitentiary. Two of the prisoners are father and son. The father, Charles Blackwell, white, is an aged man and goes to the pen for twelve years for murder in the second degree. His son, George, who is just reaching manhood, was sentenced to serve one year for complicity in the crime.

— Charlotte *Observer:* Friday night a young negro, Jesse Shaw, was shot in Wallacetown, a negro suburb of Statesville. He died from the effects of the shot in about an hour. Before his death he said that a negro man, Bob Owens, shot him. On the strength of this Owens was arrested. Also four negro women, at whose house the shooting occurred. The parties arrested say that another negro, Fred Smith, fired the fatal shot.

— North *Wilkesboro Hustler.* A gentleman was in our office Friday evening and told us a wonderful story of an immense bull frog and a chicken, which transpired at the home of Mr. Owens, in Mulberry township, a few days ago. Mr. Owens heard a great commotion among his chickens, and, thinking that a snake was after them, he secured a stick and went to their rescue. On arriving in their midst he was dumbfounded to see a half grown chicken struggliug in the grasp of an immense bull frog, which had it by the leg. His grasp was so tight that the chicken's leg was broken. Mr. Owens killed the frog. He says it was nearly a half mile from water.

— Lexington *Dispatch:* The work of enlarging the old Jones (incline) shaft at the Silver Hill mines, on east side of main shaft has led to the discovery of a new vein of rich ore that will prove a bonanza. In enlarging shaft to make it large enough give ample room for a ladder road and a double track hoisting way, it is necessary to cut away three feet on end of shaft and one foot from wall. It was while cutting down the foot wall that indications of ore were discovered at about sixty-five feet from the surface. A prospect hole was fired in the foot wall, showing a solid vein of ore of vast richness. Yesterday and last night three large blocks of solid ore were hoisted to the top, weighing 933, 832 and 804 pounds, respectively. The miners have already cut eight feet into the vein and are not yet through it. Silver Hill mine has never been prospected to any great extent, and it is generally believed by miners who worked in the mine that large bodies of ore yet await discovery.

INCENDIARY UTTERANCES.

Geo. H. White, the Colored Congressman, Tells Colored Men to Go to the Polls With Guns.

[*Raleigh Post.*]

Geo. H. White, the negro Congressman of the Second district, made a speech in Northampton county a few days ago that completely discounts his rank utterances here at the Republican State convention.

A gentleman whose veracity and integrity cannot be questioned informs the *Post* that White counselled the negroes in his Northampton speech to get their guns and ammunition ready, and not to delay the matter. He told them not to wait until election day to do this, and to go to the polls armed and demand their rights.

A white gentleman had permitted White to speak on his land. As soon as the negro Congressman gave utterance to this incendiary language he ordered him off his premises. White was informed that he couldn't use such incendiary language on his premises.

White and his crowd of negroes then went to a school house, where he concluded his speech.

Cairo Named For a Crow.

Cairo received its name from the accidental settling of a crow upon a certain string. The naming of the place dates from the year 969, when Goher, a Tunis general, invaded Egypt and prepared to found a new city there.

"The architect, having made arrangements for laying the first stone of the new wall, waited for the fortunate moment, which was to be shown by the astrologers pulling a cord extending to a considerable distance from the spot. A certain crow, however, who had not been taken into the council of the wise men, perched upon the cord, which was shaken by his weight, and the architect, supposing that the appointed signal had been given, commenced his work accordingly. From this unlucky omen and the vexation felt by those concerned the epithet of Kahira (the vexatious or unlucky) was added to the name of the city, Masr el Kahira, meaning 'the unlucky city of Egypt.'" Kahira in the Italian pronunciation has been softened into Cairo.—Success.

Familiar With the Tune.

A sailor on board a man-of-war was one day "heaving the lead" to qualify as able seaman. The lead was heaved correctly, the line gathered up and the depth of water indicated apparently correctly obtained, the man calling out in the usual singsong manner.

But the examining officer could not make out what the man was saying, and after telling him several times to speak more distinctly at last called him in to explain what he had said.

When asked why he had not called the soundings in a plainer manner, his answer was:

"Beg parding, sir. I knows the tune, but I ain't rightly sure of the words."

He had heard other men calling out and thought that the same sort of noise was all that was required.—London Punch.

Sacrificing His Curls.

A pat illustration of the sort of man who "breasts the blows of circumstances" is given in a story told of a dashing, handsome Englishman who came to Canada in 1833, took up several thousand acres in the Huron tract and began building a homestead.

He wore long curls, then the fashion. One day the mortar needed for the building of the fireplace lacked hair. Mr. Rainsford cut off the "Hyperion's curls," chopped them into suitable lengths and mixed them in the mortar.

"The chimney corner to this day," says The Canada Company, "bears testimony to the riches on the outside of a cranium and to the bump of determination they covered."

BY THE SARS.

[The following lines may be read either up or down without altering the sense]:

The stars were all alight,
The moon was overhead,
I named her queen of night
As she my footsteps led.
So wondrous fair was she
I asked her to be mine.
As she glanced up at me
I thrilled with love divine.

Beside the meadow bars,
As we stood lingering there,
Her eyes were like the stars,
In radiance wondrous fair.
"You're all the world to me,"
She murmured, sweet and shy.
A thrill of ecstasy
I felt at her reply.

Love led us all the way
As we turned home again.
Our hearts were light and gay,
The world was blissful, then.
Though shadows crossed the sky,
No gloom our hearts could know.
True bliss is ever nigh
When hearts are blended so.

SAGO PALM OF TUDOR PLACE.

The Offshoot of One That Was Part of Boston's Famous Tea Cargo.

One of the most interesting homes in historic Georgetown is the Tudor place. The sago palm of Revolutionary fame stands in the Tudor conservatory in winter and on the beautiful lawn in summer. It belongs to Martha Washington's granddaughter, who is the oldest living descendant of the family. Mrs. Brittania W. Kennon is the daughter of Colonel Thomas Peter, who married Martha Custis, and is the widow of Commodore Beverly Kennon, who lost his life by the explosion of a gun upon the Princeton in 1844. The main body of the old house was built by Colonel Peter in 1816. In this house Mrs. Kennon was born and has always lived.

In 1775, when the historic cargo of tea was dumped into Boston harbor, there were on board three small palms. The largest was carefully sent to Mount Vernon, another to the home of Governor Morris of Morrisania, while the third was taken to the Pratt gardens, near Philadelphia. Ten years later the conservatory at Mount Vernon was burned and the palm lost. Thirty-six years later, in 1813, Mrs. Kennon's mother drove in her carriage, a journey of four days, to Philadelphia, visited the Pratt gardens, bought several little plants and carried them in a basket to her own greenhouse. One of them was an offshoot of the original sago palm, and today is a veritable Colonial Dame or Daughter of the Revolution.

It is now almost a century old and has never known another home. Its fruit is not abundant, like the cocoanut or date palm. It bears a small apricot shaped fruit only once in several years. Its terminal budding at the end of the stem is like a crown. Some years it unfolds long slender spikes or palm branches, but several times during Mrs. Kennon's life there has been a wonderful growth of fern shaped, delicate leaves, soft and spongy in texture and color. When left on the tree until the sap is pretty well down in the trunk, they retain their shape and color many years. Botanists have examined them with keen interest. It appears like a cabbage and slowly unfolds its yellowish brown fern leaves after the fashion of our house ferns. If left on the tree, they die. —New York Sun

A Narrow Escape.

Thankful words written by Mrs. Ada E. Hart, of Groton, S. D. "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in Consumption. Four Doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God I am saved and now a well and healthy woman." Trial bottles free at R. R. BELLAMY'S Drug Store. Regular size 50c and $1.00. Guaranteed or price refunded. †

"CONTEMPTIBLE PIE HUNTERS."

This Is What Butler Called Those Who Favored Co-Operation in 1897.

Here is what Marion Butler said in his paper, the *Caucasian*, in February, 1897:

"The co-operation of the Populists and Republicans in this State has been a dismal and disastrous failure. Only the contemptible pie-hunters see any good in it."

If you do not believe Marion Butler's paper said this, ask him whether it did or not. He dare not deny it.

If "co-operation" had no "good in it" in 1897, is there "any good in it" in 1898, when Negro Domination is staring us in the face?

What Marion Butler said in the *Caucasian* in 1897, is exactly what every decent white man in North Carolina believes now.

MORE NEGRO SCOUNDRELISM.

Black Beasts Attempt to Outrage the Young Daughter of a Respectable Farmer.

HER FATHER SWEARS TO IT.

Attacked On the Public Highway in Brunswick County While Returning From Sunday School—Her Screams Saved Her From a Fate Worse Than Death.

Joseph Gore is an honest and respectable farmer of the county of Brunswick—poor in this world's goods, but esteemed by his neighbors. He has a wife and children, and there is a church and Sunday school near his home which are attended by his family. But he lives in a township where the negroes outnumber the whites more than three to one. This, coupled with the fact, no doubt, that Brunswick county is under Republican-Fusion rule, emboldened two beastly negroes to make an attempt to outrage a young girl on the public road as narrated in the following affidavit:

STATE OF NORTH CAROLINA,
County of Brunswick.

Personally appeared before me, Geo. H. Bellamy, a Justice of the Peace for Town Creek township, Brunswick county, Joseph Gore, who, being duly sworn, states: "Some days ago my daughter, aged 15 years, was returning from Sunday School, accompanied by her little brother, aged 12 years, about 3 o'clock in the afternoon. When about a quarter of a mile from home, two negro boys, aged about 16 to 18 years, ran after my daughter, with their coats turned over their heads to conceal their identity, and attempted to take hold of her, and doubtless would have placed their unholy hands on her person; and had it not been for her screams would have doubtless accomplished their purpose. This was done in Town Creek township, in broad daylight. The villains have not yet been detected.

Signed, "JOSEPH GORE."

Signed and sworn to before me this 19th day of September, A. D., 1898.
GEO. H. BELLAMY, J. P.

White men of Brunswick county, can you stand that? Is there one left in the borders of your county who will not now vote against every candidate who consorts with negroes, and who is dependent on them for election? Has it come to this, that your daughters cannot attend church or Sunday school without having a body-guard to protect them from the lustful black brutes who roam through your county?

Rise in your might, white men of Brunswick. Assert your manhood. Go to the polls and help stamp out the last vestige of Republican-Populist-Negro Fusion.

A HORRID SLANDER.

The Most Infamous That Ever Appeared in Print in This State.

The Alarmed Politicians are Trying to Break the Force of it by Resorting to Various Dodges, But They are Too Thin.

The infamous assault on the white women of this State which appeared on the 18th of August in the *Daily Record*, the negro paper published in this city, has aroused a storm of indignation from one end of the State to the other. We have received so many requests for copies of the STAR containing this article that we herewith reproduce it in full, the accuracy of which is certified to by Col. John D. Taylor, Clerk of the Superior Court of New Hanover county, and by a number of our well-known business men. The article is headed:

Mrs. Felton's Speech.

"A Mrs. Felton, from Georgia, makes a speech before the Agricultural Society at Tybee, Ga., in which she advocates lynching as an extreme measure. This woman makes a strong plea for womanhood, and if the alleged crimes or rape were half so frequent as is oftimes reported, her plea would be worthy of consideration.

"Mrs. Felton, like many other so-called Christians, loses sight of the basic principle of the religion of Christ in her plea for one class of people as against another. If a missionary spirit is essential for the uplifting of the poor white girls, why is it? The The morals of the poor white people are on a par with their colored neighbors of like conditions, and if any one doubts the statement let him visit among them. The whole lump needs to be leavened by those who profess so much religion and showing them that the preservation of virtue is an essential for the life ot any people.

"Mrs. Felton begins well for she admits that education will better protect the girls on the farm from the assaulter. This we admit and it should not be confined to the white any more than to the colored girls. The papers are filled often with reports of rapes of white women, and the subsequent lynching of the alleged rapists. The editors pour forth volleys of aspersions against all negroes because of the few who may be guilty. If the papers and speakers of the other race would condemn the commission of crime because it is crime and not try to make it appear that the negroes were the only criminals, they would find their strongest allies in the intelligent negroes themselves, and together the whites and blacks would root the evil out of both races.

"We suggest that the whites guard their women more closely, as Mrs. Felton says, thus giving no opportunity for the human fiend, be he white or black. **You leave your goods out of doors and then complain because they are taken away.** Poor white men are careless in the matter of protecting their women, especially on farms. They are careless of their conduct toward them **and our experience among poor white people in the country teaches us that the women of that race are not any more particular in the matter of clandestine meetings with colored men, than are the white men with colored women. Meetings of this kind go on for some time until the woman's infatuation or the man's boldness, bring attention to them and the man is lynched for rape. Every negro lynched is called a 'big, burly, black brute,' when in fact many of those who have thus been dealt with had white men for their fathers, and were not only not 'black' and 'burly' but were sufficiently attractive for white girls of culture and refinement to fall in love with them as is well known to all."**

"Mrs. Felton must begin at the fountain head if she wishes to purify the stream.

"Teach your men purity. Let virtue be something more than an excuse for them to intimidate and torture a helpless people. Tell your men that it is no worse for a black man to be intimate with a white woman, than for a white man to be intimate with a colored woman.

You set yourselves down as a lot of carping hypocrites; in fact you cry aloud for the virtue of your women while you seek to destroy the morality of ours. Don't think ever that your women will remain pure while you are debauching ours. You sow the seed—the harvest will come in due time"

THE AFFIDAVIT OF THE CLERK.

An effort has been made by some of the politicians to fool the people by representing that this slander was a Democratic trick or was garbled, but the following affidavit from the Clerk of the Superior Court settles the question as to its accuracy:

NORTH CAROLINA,
NEW HANOVER COUNTY.

I, John D. Taylor, Clerk of the Superior Court of New Hanover county, do hereby certify that the foregoing is an accurate and true copy of an editorial in the *Daily Record*, a paper published in the city of Wilmington, of date Aug. 18, 1898.

"I further certify that said paper has been published in said city at least eight months prior to this date; that Alex. L. Manly, the editor, is a negro, is well known as a Republican and has before this held the office of Deputy Register of Deeds of New Hanover county, by appointment from Charles W. Norwood, Republican Register of Deeds, of New Hanover county.

"I further certify that John N. Goins, business manager; L. D. Manly, foreman; Jno. T. Howe, general traveling agent; and F. G. Manly, general manager, are all negroes, and are known as Republicans and the said Jno. T. Howe was a Republican Representative from New Hanover county in the Legislature of 1897. Witness my hand and seal this August 24th, 1898. JOHN D. TAYLOR,

Clerk Superior Court of New Hanover Co.

Who Manly Is.

As the Republican politicians in this county could not call this assault a Democratic trick, or say it was garbled, they tried to break the force of it by repudiating the paper as a party organ and characterizing the editor as a "simpleton" who represents no one but himself. The following affidavit from a number of business men of Wilmington testifies to the accuracy of the published slander, tells who Manly and his associates on the *Record* are and shows that Manly was not regarded as a simpleton, or a nobody before he startled the bosses by the publication of that awful article:

CITIZENS TESTIFY.

B. G. Worth, of the Worth Co.; R. W. Hicks, wholesale grocer; C. E. Borden, president of Navassa Guano Co.; W. L. DeRosset, commander of N. C. Division Confederate Veterans, and John C. Springer, of the firm of W. E. Springer & Co., each being duly sworn says that he has read the foregoing paper, and that the said is an accurate and true copy of an editorial in the *Daily Record* of the date August 18th, 1898; that said paper, the *Daily Record*, has been published in the city of Wilmington at least eight months prior to this date, and Alex. L. Manly, the editor thereof, is a negro, is well known as a Republican and has held the position of Deputy Register of Deeds in New Hanover county under the Republicans.

Affiants further say that John N. Goins, business manager, L. D. Manly, foreman, John T. Howe, general travelling agent, and F. G. Manly, general manager, are all negroes, and Republicans, and the said John T. Howe was a Republican Representative from New Hanover county in the Legislature of 1897.

BIRMINGHAM, Ala., Nov. 12, 1897.

H. E. Thompson, Providential, N. C.:

DEAR SIR:—A month ago you sent me a box of the Jackson Springs Water—twelve bottles. You know how fearfully I was suffering with an acute bladder trouble some weeks before. When I reached home I found the water awaiting me. I have rested and drank that water. I am a new man—my old self practically; my appetite restored; and the tenderness in the bladder has disappeared. I think it is a wonderful water. I had been using for weeks before all sorts of litiia water, but the Jackson Springs Water went to the spot.

With profound gratitude, I am,
Yours. Respectfully, &c.,
CALVIN S. BLACKWELL.

The Doctor further says, it is "the best, I think, God has let run out of the earth for afflicted humanity."

This Water is unsurpassed for Dyspepsia, Indigestion, Insomnia, Nervous Prostration, or any Kidney, Bladder or Stomach Trouble.

This valuable Water is packed for shipping purposes, one dozen half-gallon bottles to the case. It has permanently cured hundreds who have found it inconvenient to visit the Springs.

WILMINGTON, N. C.

TUESDAY MORNING, OCTOBER 4.

TROOPS FOR PORTO RICO.

All the Regiments at Camp Meade Will Soon Be Ordered to the New Camps in the South.

By Telegraph to the Morning Star.

WASHINGTON, October 3.—The War Department has decided to send more troops to Porto Rico. Orders have been issued directing that the Fifth regular cavalry, now at Huntsville, Ala., the Sixth United States volunteer infantry, now at Chickamauga, and the Seventeenth New York, now at Fort Adams, shall proceed to such points in Porto Rico as may be desired by the commanding general in that island. The Eighth United States volunteer infantry and two companies of the Indiana colored volunteers, now at Fort Thomas, Ky., will relieve the Sixth volunteer infantry at Chickamauga.

All thetroops at Camps Mead will soon be ordered to points in the South. Some of them may go to Cuba, but the majority will for the present occupy the new camps recently selected in Georgia and South Carolina. It is thought that troops sent to garrison duty in Cuba will not remain long, but when they have seen service for a few months, will return to this country. The same is probably true as to Porto Rico. It is also intimated that when the troops return the volunteers will be given sixty days furlough and be mustered out. By that time Congress will have an opportunity to determine what shall be done in regard to garrisoning the new possessions.

This determination is no doubt due to the pressure that has been brought by members of Congress for the mustering out of the volunteers from their States and districts. The responsibility for furnishing troops for garrison duty and for army duty generally will be upon Congress.

Although there has been less pressure for mustering out of volunteers since the announcement was made that the troops could not be spared, the demand continues with sufficient persistence to convince the War Department officials that a reorganization of the army will be necessary, and that some arrangement will have to be made to secure a force for garrison service in the islands and the States, which will not be subject to the same difficulties experienced in the case of the volunteers.

The troops which have been ordered to Porto Rico will relieve a like number of regiments now in the island, the organizations to be designated by General Brooke.

Receiver for Durham Water Works Company Appointed—Negroes Colonizing in North Carolina.

[*Special Star Correspondence.*]

RALEIGH, N. C., October 3.

Judge Purnell has issued an injunction and appointed a receiver for the Water Works Company of Durham. The company's bonded debt is $194,000.

Miss Jane Hawkins, one of the oldest and most honored residents of Raleigh, died at the home of Col. A. B. Andrews early Sunday morning. She was an aunt of Col. Andrews, but has been a mother to him almost since his childhood. The funeral will be held at 4 o'clock this afternoon from the Church of the Good Shepherd.

Senator Butler and Dr. Thompson will speak here October 7th. Thompson will speak in Wilson and several Eastern towns this week.

A matter of material interest to the State is now causing uneasiness. It is the fact that negroes in South Carolina and Virginia intend colonizing in North Carolina and making this absolutely a negro State, provided the Republicans are successful this Fall.

Col. T. M. Argo left to-day for Wilson where he is attorney for the defendants in libel suit.

A crowd from Raleigh boarded the excursion from Wilmington to Norfolk here to-day.

The fusion candidates of Wake county began their canvass to-day at Garner. No joint canvass will be considered by them.

ANOTHER WANDERER RETURNS.

A Brunswick Populist Sees Nogro Insolence in Wilmington and Is Disgusted.

WINNABOW, BRUNSWICK CO., N. C., September 30th, 1898.

Editor Wilmington Star:

In 1892, thinking that certain reforms were necessary, and being persuaded that the Populists would give them to us, as they promised to do, I voted with them and so continued to do in 1894 and 1896. The Populists having fused with the Republicans, I now see that I, as well as other good meaning men, have been working against good government, and for the single gold standard and negro supremacy. In future I shall vote the white man's ticket, which is to be found in the Democratic party, and I call on my friends and all other good citizens in the Populist party to come with me into the Democratic fold and held to undo the wrong that we have done. I have been thinking of taking this step for some time, and on a recent visit to Wilmington I saw enough of negro rule and negro insolence to fully determine me.

Respectfully yours,
P. G. SELLERS.

COL. W. J. BRYAN.

Will Take a Short Rest Before Returning to His Regiment.

By Telegraph to the Morning Star.

WASHINGTON, October 3.—Colonel William J. Bryan left here to-day after a stay of ten days, during which he talked with the President and the war officials concerning the future of his regiment, and incidentally suffered from a touch of malarial fever. The colonel looked quite recovered from his illness. He was accompanied by Mrs. Bryan, who will go with him for a short rest in Virginia and then to Florida where Colonel Bryan rejoins his regiment. A day will be spent at Culpepper, Va., and several days at Hot Springs, Va., the plan being to reach Florida next Saturday. Colonel Bryan had heard nothing final as to the disposition of his regiment up to the time of his departure.

NOT MANY LIVES WERE LOST.

People Driven from Their Homes—A Thousand Houses Damaged—Property Loss Estimated at Half a Million Dollars.

By Telegraph to the Morning Star.

SAVANNAH, Ga., October 3.—The *Morning News* correspondent at Brunswick, Ga., has filed the following bulletin at Baxley, Ga:

Brunswick and its vicinity flooded and inundated; a thousand houses and stores damaged; one half million dollars property loss; list of dead, now small, is increasing. Three thousand people sought refuge from rising waters; thirt blocks in the heart of the city under sixt feet of water for twelve hours. I left on special train with two operators and instruments to tap wire. Struck an opening here and believe I am the only newspaper man that got out of Brunswick with the story of the greatest flood since the Sea Island affair. Seventy miles of wrecked country just passed through. Have left two men in Brunswick penetrating woods and islands in boats. They are instructed to leave Brunswick tonight and come until they reach me with the story of to day's developments.

Rice Crop Damage.

CHARLESTON, S. C., October 3.—A special to the *News and Courier* from Georgetown, S. C., says: Reports received from different parts of the county to-day fully justify the estimate of $75,000 damage to the rice crop by yesterday's storm.

The damage in the city and harbor is insignificant. The tide did not come as high last night as it did in the morning and to-day it was only an ordinary spring tide.

Barquentine Wrecked.

CHARLESTON, S. C., October 3.—The barquentine Wandering Jew, Capt. J. S. Little, from Philadelphia for Galveston, with a cargo of coal, lies in six fathoms of water off Long Island. Bad weather began on Friday. The vessel sprang a leak in a hurricane on Saturday and the crew were kept constantly at the pumps. She tried to come to Charleston but was forced ashore. The captain and crew took to the rigging and remained in a perilous position until rescued this morning by the Charleston tug John Harlin, Capt. Flatterley, and brought here.

At Savannah and Vicciaity.

SAVANNAH, Oct. 3—the flood which inundated the islands and lowlands around Savannah and the vicinity coast has partially subsided. The first news from the sea islands on the South Carolina coast between Tybee and Beaufort, where the great tidal wave of 1893 caused such fearful fatality, was received to-night. The damage by the storm there were comparatively small and so far as known there was no loss of life. The steamer Clifton made the trip from Savannah to Port Royal this afternoon and arrived here late to-night. The flood was driven by a northeast gale and did not cover any of the sea islands in that section except those nearest the ocean. The steamers City of Macon, City of Augusta and Kansas City, from New York, and the Essex from Baltimore, arrived to-day and all felt the force of the storm to some extent. The City of Macon was in the height of it. The wind reached a velocity of nearly one hundred miles an hour, but the ship weathered it and sustained little damage. The four schooners, Synara, Milleville, Fannie Childs and Franklin, which were driven into the marshes at quarantine, will be floated after the removal of their cargoes.

At Tybee there was less damage than feared. The fortifications were piled with sand several feet deep around the guns, but the flood did not reach them. On the islands near the city the crops have been entirely swept away and much live stock has been lost, but there were no fatalities.

Camp Meeting Broken Up.

A special from Americus, Ga., says: The storm last night and this morning did much damage in this vicinity. At Andersonville where a big Methodist camp meeting is in progress, the great tent, seating 2,000 people, collapsed. The Sunday services were in progress and a panic ensued. The multitude was buried beneath the big canvass poles and seats. Several received serious injuries and nearly every body was bruised. No fatalities resulted, however.

Farmers will sustain heavy losses in damage to cotton crops, as the fields were full of cotton which was blown on the ground.

At Jacksonville.

JACKSONVILLE, October 3.—Except for the debris on the streets there was little effect of Sunday's storm visible in Jacksonville to-day, and while it blew a perfect gale all day Sunday, the damage was not great, except as to mixing up wires and unroofing houses. No casualties have been reported.

The Third Nebraska regiment, which was encamped at Pablo, was flooded out of its camp and sought shelter at the hotel and among the cottages.

Cotton Crop Ruined.

ATLANTA, GA., October 3.—A special to the *Constitution* from Cochran, Ga., says:

A destructive gale and rain storm swept Cochran and surrounding country last night and this morning. It was the worst in twenty-five years. Substantial dwellings were badly damaged, immense trees torn up by the roots and a large amount of fencing flattened. The streets were covered with debris. Iron roofs were torn from brick buildings and telephone and telegraph lines demolished. One passenger train was held here twelve hours on account of damage to the road.

The cotton crop is about ruined and cane has suffered greatly.

A special from Eastman, Ga., says: The storm which raged here for twenty-four hours has done great damage to cotton and corn, but as far as known no lives were lost. Cotton that had not been kept up with in picking is fully one-half lost. There has been thousands of dollars damage done to stores, fencing and goods.

A Tidal Wave.

A Brunswick, Ga., special to The *Morning News* says that during the tropical hurricane of Sunday a tidal wave was driven in from the sea and inundated for an average depth of five feet practically every business house and warehouse in the city. Conservative estimates place the property loss at half a million dollars, though when the details are all in, the figure may be considerably shaded either way. The Mallory Steamship and Southern Railway docks were under water four feet. In the residence section of the city there was from two to eight feet. There was a full sweep of wind and water from the ocean into and across the city.

Two fatalities in Brunswick and one a few miles out of the city have been reported. Those in the city were negro children. Their parents are missing and may have been drowned. A few miles out of town Steritt Aiken, colored, was killed by falling bricks blown from a chimney.

Meagre reports from the sea islands on the coast far e arfrom reassuring. At Jekyl island, where the club houses of New York millionaires are situated, much damage has been done. Dixville, a suburb of Brunswick, inhabited by negroes, was inundated and the destruction is almost complete. No lives were lost there.

Five vessels were ashore in Brunswick harbor, two being the Norwegian barques Record and Louise, one an American schooner and two valuable pilot boats.

YELLOW FEVER SITUATION.

Marine Hospital Officials Say It is Not So Bad as Reported—Has Appeared at Harriston, Miss.

By Telegraph to the Morning Star.

WASHINGTON, October 3.—The Marine Hospital officials say there is nothing official to bear out rumors that the yellow fever condition at New Orleans is considerably worse than has been reported. These rumors have reached the bureau here, and have caused some uneasiness, but there has been nothing confirmatory of them. The Surgeon General's latest bulletin shows 12 cases and two deaths up to date.

The Surgeon General has supplemented the local corps of physicians with an unusually large number of Federal surgeons, and the authorities here feel that everything possible is being done to cope with the disease. Past Assistant Surgeon Cobb, with four assistants trained in yellow fever work, has been given charge of the district comprising Taylors, Orwood and Oxford. Dr. Stimson is at Fulton, Ky., in charge of train inspection service in Mississippi and Western Tennessee. He has twenty-five men under him. At Chattanooga Assistant Surgeon Oakley, with a corps of sanitary inspectors, is in charge of the train inspection through Northern Alabama and entering Chattanooga. Dr. Porter is at Atlanta.

The Surgeon General received a report to-day from Harriston, Miss., stating that yellow fever of a mild type had appeared there.

THE VOLUNTEER TROOPS.

No More Will be Mustered Out Until the Situation Clears—Appreciation of Southern Soldiers.

By Telegraph to the Morning Star.

WASHINGTON, October 3.—To a number of interested callers to-day President McKinley had occasion to reiterate his determination to have no more troops mustered out for the present. In the course of several interviews he stated in substance that it was the intention of the administration to send fresh troops to Porto Rico to take the place of the volunteers, who will have to be returned and who will be given furloughs. He stated very firmly that there would be no general discharges until the situation was cleared up. The President, also, during the day, testified to his appreciation of the soldiers from the South.

To a delegation he said one of the results of the war which particularly gratified him, was that the war seemed to have effaced the last vestige of sectional feeling as between the North and South. He referred to the hearty responses from the South when the war broke out and concluded with the statement that if the elimination of all difference of feeling between the North and South will continue permanently he would be a happy man. He also spoke of the evident contentment of the Southern troops to remain in service so long as they were needed.

THE PHILIPPINES QUESTION.

Spanish Government Resolved to Vigorously Combat the Surrender of the Islands.

By Cable to the Morning Star.

MADRID, October 3.—The reported intention of the United States government to retain the whole of the Philippines has created almost a state of stupefaction here, and it is semi-officially announced that the Spanish government has resolved to vigorously combat any such action, which, it is claimed, the terms of the peace protocol preclude.

General Rios, Governor of the Vizayas islands, reports to the government another defeat of the insurgents in the province of Antigua. He says the Spaniards captured the town of Bugason, killing twenty-four of the insurgents. The Spanish volunteers, he adds, also repulsed an insurgent attack on the town of Ibasan and killed thirty-one of the attacking force.

CHINESE SITUATION.

Minister Conger Cables There is no Serious Danger But Considerable Anxiety.

By Telegraph to the Morning Star.

WASHINGTON, Sept. 3.—The State Department has received the following cablegram from U. S. Minister Conger at Pekin: "There is no serious danger yet, but considerable anxiety for the future. The foreign fleet is assembling at Tien Tsin. Some of the ministers are ordering marines to Pekin for legation guard."

The President has appointed Mr. David J. Hill, of Rochester, N. Y., first assistant secretary of state to succeed John Massett Moore, resigned. Dr. Hill is President of the Rochester University.

SENATOR QUAY UNDER ARREST.

Charged With Other Pennsylvania Republicans With Wrecking a Philadelphia Bank.

PLACED UNDER HEAVY BOND.

Accused of Conspiracy With the Cashier to Use Public Money—The Cashier Committed Suicide Before the Bank's Failure.

By Telegraph to the Morning Star.

PHILADELPHIA, Sept. 3.—Warrants were issued to-day for the arrest of U. S. Senator Matthew Stanley Quay, his son, Richard R. Quay, ex-State Treasurer Benjamin J. Haywood and Charles H. McKee, of Pittsburg, law partner of Lieutenant Governor Lyon. They are accused of conspiracy with John S. Hopkins, formerly cashier of the Peoples' Bank, to use public moneys for their own use. Hopkins killed himself last March, shortly before the bank's failure.

Quay's Arrest.

Mr. Quay and his son came up from Atlantic City as soon as they heard of their intended arrest. They surrendered themselves and the Magistrate, Jermon, held them in $5,000 bail each for for a hearing at noon next Thursday. David H. Lane, the Republican leader, became their bondsman and this afternoon they returned to the seash ore. By the advice of their attorney they declined to discuss the case. Mr. Haywood is in Montana and Mr. McKee in New York.

TROOPS' WINTER QUARTERS.

Will be in the Middle Southern States, Where They Can Live in Tents.

By Telegraph to the Morning Star.

WASHINGTON, October 3.—The following statement was given out at the War Department to-day:

"The Secretary of War being questioned as to quartering of troops during the Winter, has had the matter under very careful consideration, and determined, for the good of the service and the welfare of the men, that they should be in open camps, in a climate where, during the Winter, they can drill and have free open air exercise. To put the troops in buildings in the large cities in the North, would, in a measure, deprive them of the necessary drill, discipline and target practice, essential for fitting soldiers for active service in the field. Moreover, the discipline of troops near small towns can be maintained very much better and more effectually than near large cities. The troops, therefore, will be quartered in the middle Southern States, where they can live in tents, as provided by plan of the quartermaster general which gives stoves to each three tents joined together, two sleeping rooms and one sitting room.

The Secretary of War directed a board of experienced army officers to visit the different sites for the purpose of selecting these camps, and has left that to their judgment, which, however, meets with his full approval.

GENERAL JOE WHEELER

In Washington to Testify Before the War Investigating Committee—His Division Will Go to Cuba.

By Telegraph to the Morning Star.

WASHINGTON, October 3.—Major General Joseph Wheeler, who reached here last night, was at the White House to-day, and had a brief interview with the President. General Wheeler said his only mission here was to testify before the War Investigating Commission, which had summoned him as a witness, and that after being examined he would leave immediately for his camp at Huntsville, Ala.

General Wheeler stated, on leaving the President, that his future plans were not finally decided upon, though he said he understood that he would be sent to Cuba with his army division to take charge in Santa Clara province. He expected that he would be able to get around to resume his seat in Congress early in the session, though of that he was not certain. "I feel," he said, "that President McKinley has given me the highest compliment that any one could give me, and I will act as he decides. I will stay in service as long as he wants me to do so, and when he indicates there is no longer actual need of my services I will leave."

General Wheeler's division, which is to assemble at Huntsville, Ala., preparatory to being sent to Cuba, is to consist of the Second, Fifth, Sixth, Seventh, Eighth and Tenth regular cavalry.

Steamer Scandia arrived at Manila yesterday without accident.

The President has appointed Joseph E. Lee to be collector of internal revenue for the district of Florida.

It has been decided to make Augusta, Ga., the headquarters of the army corps which is to be stationed in Georgia and South Carolina.

Senator Pritchard, of North Carolina, called on the President with a delegation and asked him to locate one of the army camps at either Raleigh, Greensboro, Charlotte or Asheville.

Representative Elliot, of South Carolina, called at the Navy Department to request that some American warships be ordered to Charleston, S C., to take part in the peace jubilee to be celebrated there on the 24th instant.

Secretary Alger to-day announces that Savannah, Ga., has been selected as a point of embarkation of all troops which may hereafter be sent to Cuba or Porto Rico. It is stated at the War Department that Savannah was selected because it afforded the best facilities.

FOR RELIEF OF VETERANS.

Movement by Cape Fear Camp to Raise Funds for the Soldier's Home at Raleigh.

A letter has been received here from Secretary C. B. Denson of the State Confederate Veterans' Association at Raleigh, by Commander George W. Huggins of Cape Fear Camp U. C. V., No. 254, this city, in which it is stated that the State appropriation for the veterans at the Soldier's Home is nearly exhausted and they will suffer for fuel and food unless helped by volunteer aid. He urges, by authority of the president and executive committee of the Association, that each camp in the State raise a fund and forward it as early as possible to W. C. Stronach at Raleigh.

In compliance with this request Commander G. W. Huggins has, through Adjutant Henry Savage, appointed Mr. P. Heinsberger, secretary of the Merchants' Association, to solicit subscriptions from members of Cape Fear Camp and all other friends of the old Confederate soldiers.

It appears from Secretary Denson's letter that the Home is very much in need and will be much more so as teh Winter advances and the STAR is confident that the people of Wilmington will do their part in behalf of the suffering heroes of the Lost Cause. And that Mr. Heinsberger will have no trouble in accumulating a snug purse. People residing outside the city can address their contributions to Mr. P. Heinsberger, Secretary Merchants' Association,

RE-ORGANIZED FOR THE SEASON.

L'Etoile Cotillon Club Planning for a Brilliant Round of Pleasures.

L'Etoile Cotillon Club was, as foreshadowed in Sunday's STAR, re-organized last night. An enthusiastic meeting of the club membership was held at the City Hall at 8 o'clock. The matter of events during the coming season was fully discussed, and the company of foremost young men who constitute the club are determined that the 1898 99 season, so far at least as L'Etoile Club is concerned, shall be the most brilliant Wilmington has ever known. This popular club is the peer of any social organization in the city and last night they elected the following well known and capable young men as officers for the ensuing season;

President—Mr. C. E. Taylor, Jr.
Vice President—Mr. L. B. Southerland.
Leader—Mr. R. J. Rankin, Jr.
Governing—Board, Mr. Thos. H. Wright, Mr. Richard Bradley, Mr. T. Nash DeRosset, Mr. E. J. Woodward and Mr. Jas. Cowan.

DIED OF CONGESTIVE CHILL.

A White Man Who Made a Livelihood Out of Rustic Work.

F. A. Perry, a white man who recently came here from Greenville, S. C., died suddenly yesterday afternoon at his little shop, corner of Ninth and Walnut streets, where he worked, ate, and slept. Congestive chill was the cause of death. Mr. E. A. Orrell, who knew that Perry was unwell, went to see him a short while before he died. He found him breathing heavily, but had no idea he was dangerously sick. He stepped out for a moment and on his return the sick man had passed to his reward.

It was not known at first what to do with his body, but Coronor Jacobs telegraphed Perry's brother, Mr. J. G. Perry, of Greenville, and was directed to send it to Greenville. It will be shipped to-day.

Perry made his living out of the proceeds from the sale of rustic seats which he made with great ease. Recently also he had worked painting a house. He is thought to have relatives of some means and importance.

THROWN FROM A WHEEL.

One of the Messenger Boys of the Western Union Telegraph Company.

Frank McIntire, the fifteen-year old son of Mrs. McIntire, Sixth street, between Orange and Ann, was painfully and seriously hurt by a fall from a bicycle yesterday afternoon on Front street, between Mulbery and Walnut. Young McIntire is one of the messenger boys of the Western Union Telegraph Company, and, with another messenger boy, James Orrell, was racing down Front street. He lost control of his wheel in some way and was pitched headlong on the cobble stones, In an unconscious condition he was carried to his home. Physicians were called in and gave the necessary attention.

To Collect Taxes.

The sheriff of New Hanover county gives notice in this issue of the STAR that he will soon make a round of the townships for the purpose of collecting 1898 taxes. He will be at Masonboro Hall, Masonboro township Monday Oct. 24th; at Keys Store, Federal Point township, Tuesday, October 25th; Stockley's, Wrightsville, Harnett township Wednesday, October 26th; Canady's, Scotts Hill, Harnett township, Thursday, October 27th, and at the railroad depot, Castle Haynes, Cape Fear township, Friday, October 28th.

No Storm in Wilmington.

With its usual good luck Wilmington escaped the storm. There was some alarm Sunday and great pains were taken to make the shipping safe, but the wind while steady was not violent at any time during the day.

There was high tide at Carolina and Wrightsville Beaches. At the former the sea broke across the beach at one point and the steps to Mr. C. W. Yates' cottage were taken away. At Wrightsville Beach the steps of the cottages of Messrs. C. C. Livingston, H G. Wadley and one or two others were also swept away by the furious waves.

MECKLENBURG CAMPAIGN.

Bellamy Covered the Entire County and Impressed the People With His Earnestness.

[*Charlotte News.*]

Hon. John D. Bellamy closed his campaign in Mecklenburg county last night by speaking to a large audience of mill operatives at Mr. R. M. Oates' hosiery mill. The audience was very attentive and applauded the speaker liberally.

Mr. Bellamy has about covered the entire county. Wherever he has been he has impressed the people with his earnestness and there is no question but what he has not only gained votes for himself, but has helped along the county ticket.

Next week he opens the campaign in Columbus county and the week following he will return to this section of the district and make a thorough canvass of Union county.

Mr. Bellamy is a vote winner. He gets right down among the people and preaches Democracy of the clean cut type. He does not make any attempt to vilify his opponent, but prefers to deal with the issues of the day, feeling sure that in presenting them to the people, he is doing his duty as a citizen and as an aspirant for a high and honorable office. He has placed his trust in the people of Mecklenburg and the *News* feels sure that his reward will come on election day.

Should Mr. Bellamy return to Mecklenburg, his coming will be welcomed.
